Adm solar power

Überblick

ADM Solar is a forward-thinking solar technology company focused on manufacturing high-efficiency PV modules, offering EPC solutions, and enabling clean energy adoption across residential, commercial, industrial, and utility-scale sectors. Our plant is a fully automated plant inclusive of key functions such as auto-bussing and high speed stringing which allows us to make both mono and polycrystalline panels hence producing the most advanced solar panels anywhere on the planet today. ADM SOLAR POWER AND INFRASTRUCTURE PRIVATE LIMITED is a Private Limited Company and was incorporated on Apr 11, 2017 in India. Its registered address is 1901-KH-248, BLOCK E III, G/F J-54-I-60 MOLAR BAND EXTN, BADARPUR, New Delhi, NEW DELHI. Further, the demand prospects for domestic solar cell and module manufacturers remain buoyant on account of various policy measures and schemes initiated by the Government of India (GoI) like mandatory use of domestic content. The Company offers power transmission solar panels, batteries, and inverters, as well as provides installation and maintenance services.
