Bandar seri begann mit der ersten phase des solarkontainers

Überblick

Early history The growth and development of Brunei's historic capital city unfolded in three main stages. The first stage began in the 17th century with the emergence of a water settlement near present-day Kota Batu. Another noteworthy house of worship is the

Bandar Seri Begawan was named after the title of the 28th , Seri Begawan (from : □□□□ □□□□□□, : , 'the shining and ') bestowed upon his abdication in favor of his son,

The city is administered by the Bandar Seri Begawan Municipal Board within Bandar Seri Begawan Municipal Department, a government department within the Ministry of Home Affairs. The Bruneian Census 2011 Report estimated the population of Bandar Seri Begawan to be approximately 20,000, while the metropolitan area had around 279,924.
