Smart tariff uptake at just 11% despite major smart meter rollout

Over several evenings and weekends, he built Energypal.ie, a free website which allows customers to upload details of their electricity usage and compare the most cost-effective tariffs.

Electricity smart plan, yes/no? : r/CasualIreland

A resource I recently discovered is https://energypal.ie. You can get a HDF file of your electricity usage from the ESB Networks website, upload it here, and it will compare available plans (smart and

Energypal.ie Question : r/evs_ireland

In my case it was Bord Gais. The Smart plans tab just lists the plans. It's the smart plan analysis tab you want. However, you should give it about a month of charging your car during the typical EV tariff

So here's the first person to download our My Energy Pal App

Introducing 15 of the best Minor Hurling players from around the country, who have been selected for the 2024 Electric Ireland GAA Minor Hurling Team of the Year ? A huge

congratulations to all of the
