Fulbat fpc12 100

BATTERIE FULBAT AGM FPC12-100 12V 100

La batterie FPC12-100 fait partie de notre gamme industrielle FPC - Cyclic AGM. Spécialement conçue pour des applications cycliques intensives, cette batterie 12V 107.2Ah assure de très bonnes

BATTERIE FULBAT AGM FPC12-100 12V 100

La batterie FPC12-100 fait partie de notre gamme industrielle FPC - Cyclic AGM. Spécialement conçue pour des applications cycliques intensives, cette batterie 12V 107.2Ah assure de très bonnes

DATA FPG12-100 SHEET

FPG12-100 FPG Series are deep cycle batteries specially designed for long duration cyclic applications, ie with use in charge and then intensive discharge. With innovative GEL valve regulated technology

Fulbat FPC12-100 VRLA AGM battery 12V 100Ah

Fulbat VRLA batteries are made using AGM technology. They have electrolyte absorbed in glass fiber separators with very high porosity. This eliminates the risk of leakage and allows

operation in any

Fulbat FPC12-200 12V 214.4Ah AGM deep cycle lead-acid battery

FPC12-200 belongs to the FPC deep cycle battery series. This 12V 214.4Ah battery is specifically designed for long-term cyclic applications, ensuring excellent cyclic performance and enabling
