Emergency Power Generators

Vietnam solarkontainer-subventionen

Überblick

Vietnam plant die Einführung von Subventionen für Solar--plus-Haushaltsspeichersysteme und bietet Investitionsunterstützung von bis zu 3 Millionen VND und Darlehen von bis zu 40 Millionen VND ohne staatliche Garantien. The Vietnamese authorities released the feed-in tariff levels for ground-mounted and floating PV plants, with or without storage. Solar power has emerged as a key component of Vietnam’s strategy to diversify its energy portfolio and reduce its carbon footprint. To reduce strain on the national power grid, the Vietnamese government is set to introduce new legislation encouraging households to install rooftop solar systems for self-consumption.
